

To Whom it May Concern:

January 28, 2011

I am writing this letter to recommend Mottin Golf Course Renovations. MGCR constructed a new first tee and putting green for Llanerch Country Club in the fall of 2010. During the entire construction project, Doug Mottin and his staff exhibited diligence and dedication to finish work professionally and on time, which greatly benefited other pending projects we are handling.

Even when we faced unplanned challenges during the course of the construction project, MGCR was able to maintain the ability to keep the project moving forward in a positive manner. Their attention to the specifics of the construction as well as proper scheduling was very remarkable, resulting in a job well done.

Again, I would like to express my gratitude in providing an outstanding finished product. We would not hesitate to refer Mottin Golf Course Renovations to other organizations that are also in need of quality golf course renovations services.

Sincerely,

Brendan J. Byrne  
COO of EA/GCS  
Llanerch Country Club
