

To Whom It May Concern:

I have been fortunate enough to work with Mottin Golf Course Renovations on various projects from my time as superintendent of Somerset Hills Country Club, as well as, when I was an assistant at Merion Golf Club. I have seen Doug do everything from operate equipment to manage and oversee his crew to creating and building his own company. He expects the highest quality of work and won't leave a project until the standards of the membership, superintendent, and potential architect are met. There is a reason why his company has grown the way it has. Doug is also very skilled at maintaining his relationships and is willing to lend equipment or a helping hand at a moment's notice.

Doug understands the strains that a Superintendent is under during times of renovation. He has a strong understanding of deadlines and budgets and will always adjust his game plan according to the various conditions and membership demands to accommodate the needs of the superintendent. I have a great comfort using Mottin Golf Course Renovations for projects of any scope or scale and I plan on continuing to work with Doug into the future.

Please feel free to contact me with any questions you might have at 908-766-2307 or at ryan@somersetcc.org.

Respectfully,

Ryan Tuxhorn
Golf Course Superintendent
Somerset Hills Country Club
