

To Whom It May Concern:

I have been fortunate to work with Doug Mottin on various projects from my time at Merion Golf Club, and now at Somerset Hills Country Club. Knowing Doug for the time period I have, I've seen him do everything from operate equipment to manage and oversee his crew. He expects the highest quality of work and won't leave a project until the standards of the membership, superintendent, and potential architect are met.

Doug understands the strains that a Superintendent is under during times of renovation. Due to this, he has a strong understanding of deadlines and budgets, and will always adjust his game plan according to the various conditions and membership demands. I have a great comfort using Mottin Golf Course Renovations and I plan on continuing to work with Doug into the future.
