Mr. Doug Mottin
Mottin Golf Course Renovations
253 Paoli Pike
Malvern, PA 19355

Dear Doug,

Thank you for the excellent work that was recently completed at St. Davids Golf Club. Our St. Davids Golf Club Architect, Ron Prichard highly recommended you and your new firm Mottin Golf and you exceeded our expectations.

This project was the third phase of St Davids Golf Club's Master Plan Restoration created by Ron Prichard. The first two phases were holes 14, 15, 17 and 18 along with two new practice putting greens, a driving range and a short game practice area.

For Phase III, the restoration of holes 4, 5, 6, 7 and 8, we established several goals:

1. On time.
2. Meet or beat our Budget
3. Minimal disruption of play
4. Minimal disruption of the golf course
5. Last and most important superb workmanship and professionalism

In all of these six categories Mottin Golf was outstanding. We had significant rain during the process and yet you and your team managed by moving to high ground areas, or using tarps to cover bunkers. In addition you avoided heavy disturbance to the surrounding turf.

The Board of Directors, the Members and the Green Department have all had high praise for you and your team. We look forward to working with you on the next phase of the Restoration.

Sincerely,

Peter Conlan
Golf Course Restoration Co-Chairman

Andrew Sweeney
Golf Course Restoration Co-Chairman
