To Whom It May Concern,

I have had the opportunity to work closely with Doug Mottin and his qualified staff on multiple projects at Waynesborough Country Club. Mottin Golf Course Renovations has impressed me with their quality of work and dedication to the projects they have completed. Doug and his team have successfully completed various projects from off-season stump removal to a full 18-hole bunker renovation in the middle of our busy golf season. His teams' communication skills and ability to adapt to multiple situations all while staying within budgetary constraints are important qualities his company will bring to your site.

Mottin Golf Course Renovations staff will work closely with the architect, membership, golf professional, and superintendent in order to assure the project is completed properly and in a timely manner. The detailed work Doug has completed at WCC is a testament to his company's success. I look forward to working with Doug and Mottin Golf Course Renovations in the future to further enhance the golfing experience at Waynesborough Country Club.

Sincerely,

A handwritten signature in cursive script, reading "Benjamin J. Kovacs".
