

October 10, 2008

To whom it may concern,

I have had very good experiences working with Mottin Golf Course Renovations on several projects at Wee Burn Country Club in Darien, CT. Doug Mottin has been involved in all aspects of each project from shaping to running the projects.

Doug has experienced men working for him who have been in the golf course renovation industry for years. Doug also has the right equipment necessary to do golf course renovation projects.

I recommend Mottin Golf Course Renovations for any projects you may be planning. Please feel free to contact me with any questions: (203) 656-3843 or ddrugo@weeburn.com

Respectfully,

Doug Drugo
Golf Course Superintendent
Wee Burn Country Club
